

1. Outline of Firm

Name of Firm	AIKAWA ENGINEERING Co., Ltd.		Representative	Fumio Aikawa			
			Person in Charge	Sadahiro Aikawa			
Activities	Design, manufacture, and installation of steel frames & containers (tanks, boilers)		URL	http://www.aikawatk.co.jp/			
Main Products	Wind power & Thermal power & Nuclear power plant-related equipment, Large & medium-sized containers for plants, and Frame structures for solar power.						
Address	ZIP 979-0201 46 Higashiyama, Kami-Niida, Yotsukura-machi, Iwaki-shi, Fukushima-ken, Japan						
TEL/FAX	81-246-32-3811 / +81-246-32-3812		E-mail	aikawatk@gaea.ocn.ne.jp			
Capital(M Yen)	30	Founded	Mar. 1958	Sales (M Yen)	1020	Employees	100

2. PR Item

“Design, production, & installation of large-sized container products for renewable energy such as wind power!”

Since 1946, our company has been designing, manufacturing, and installing large-sized container products for thermal power plant and nuclear power plant. We have faced very tough period per Great East Japan Earthquake. In recent years, we've expanded our business into the renewable energy industry, and could have relation with European company on power wind field. New factory for power wind tower (the first factory in Japan) was completed in June 2017.

Large-sized container products

With our integrated manufacturing on site, meet customers' needs in every aspect: quality, delivery time and price.

Thermal power plant water tank
D:3m L:5m, Capacity: 13 m³

Fire-resistant furnace for electric power generation
Interior: refractory brick insulated

Shielded container for Nuclear power generation
Interior: cast lead

Wind power related products

Designing, manufacturing, and installing wind turbine tower (Small, medium, and large size).

In recent years, put resources on power wind fields, and has delivered more than 100 projects. New factory for power wind tower (the first factory in Japan) was completed in June 2017 and trying to get large sized wind power tower.

3. Remark & Reference

- We do business directly with thermal power and nuclear power plant makers, such as Toshiba, Hitachi, Mitsubishi Heavy Industries, etc. Our market share is 20% in the domestic water tank production.
- We answer to the overseas Company's needs; such as expanding its business in Japan, in wind-power-generation related field.
- We cooperate with domestic and foreign company and aim at improvement in the further added value by establishment of a network for cooperation such as integrated production on designing and production.
